OBJECTIVE

I am a developer with a love of learning and coding. My current ambition is to find employment where I may enhance my skills and contribute to the best of my abilities.

EDUCATION

Diploma in Computer Software Development with Honors, NAIT Expected 2023

Bachelor of Education, University of Alberta 2014 - 2018

SKILLS AND INTERESTS

Languages	C, JavaScript, SQL, Java, Flutter, HTML/CSS, Java
Frameworks	React, Node.js, Material-UI, BootStrap, NextJs
Developer Tools	Git, NPM, Firebase, VS Code, SSMS, Android Studio, Parcel, Vite
Soft Skills	Problem Solving, Communication, Flexibility, Self-Motivation, Presentations
Interests	Reading, Cooking, PC Gaming, TTRPGs

EXPERIENCE

Hackathon Participation 2022 and 2023
HackEd *University of Alberta*

- Participated in a team during two 24 hour in person codeathons.

Teacher 2018 - 2021
Wild Rose School Division *Drayton Valley, AB*

- Designed and taught original lessons.
- Utilized technology as a teaching tool
- Adapted curriculum to meet student needs

PROJECTS

Typing Training Tool Using node.js as the backend and custom react components in the front. Developed a web app which uses machine vision to watch users typing and grade their posture, speed, and accuracy.

My Website The personal website I developed using react, framer motion, and github pages

Discord Bot A simple discord bot I made using Discord.js and an API to help groups of people agree on what to eat.

This Resume With some help from Overleaf, I used LaTeX to create this document

EXTRA-CURRICULAR ACTIVITIES

Officer for the Gamers of Dungeons and Dragons Club at NAIT.

- Oversaw events and activities for the club.
- Assumed President's role in absence of the President.
- Ensured attendance at events was tracked through the Event App.
